

Research Subscription/ Membership Application

The Continental Automated Buildings Association provides more information about integrated systems and automation in homes and buildings than any other source.

www.CABA.org

Why Join CABA?

CABA (Continental Automated Buildings Association) is a not-for-profit industry association that globally promotes advanced technologies for the automation of homes and buildings.

For over 20 years, CABA members have realized increased revenues through our market development activities, networking opportunities and collaborative research.

By joining CABA you receive:

- Cost savings in research and travel.
- Competitive, timely industry intelligence.
- Promotion of your firm's products and services.
- Opportunities to influence industry trends.
- Access to participate in collaborative research projects.

"CABA is leading the industry"

Roy Kolasa, Honeywell Offering Development,
Open System Solutions Manager
Honeywell Global Marketing

CABA membership entitles companies to access...

Research

CABA has undertaken millions of dollars of cutting-edge collaborative market research on intelligent buildings and smart homes through its cross-industry network of leading companies. Save time and money by accessing the the CABA Research Library.

As a member, your company's promotional messages will be sent to a targeted group of industry contacts along with complimentary product and service listings on our Web site.

Join CABA now and receive thousands of dollars in FREE research reports

www.CABA.org

Joining CABA Means...

...affiliation with an organization that is dedicated to advancing integration of automation for residential and commercial buildings, helping members create increased market opportunities, supporting multi-disciplinary partnerships, while serving as a preferred global source of information, knowledge and networking for key stakeholders.

...participating in effective forums for discussion and networking relating to home and building automation opportunities.

...keeping up to date on industry development and trends by attending CABA-sponsored forums and workshops.

...a minimal investment to gain access to CABA's broad range of services and publications. CABA can save your firm time and money by acting as a central clearinghouse for research, news, updates and event information.

"Bell Canada is an active member of CABA. The diverse and influential CABA Research Subscription/Membership provides a wealth of networking opportunities to share information and establish new business relationships between industry players."
